

Measurement technology for offshore applications

- | | | | |
|--|---|---------------------------------------|---|
| • Storage tank for liquid raw materials | Level measurement and point level detection | • Primary desalter | Interface and density measurement |
| • Storage tank for solid raw materials | Level measurement and point level detection | • Gas Separators (Scrubbers) | Pressure, level and interface measurement |
| • Mud Tank level | Level measurement | • Flare knockout drum | Level measurement |
| • Trip Tank | Level measurement | • Wave and draught height | Wave height measurement |
| • Shaker | Level measurement and point level detection | • Ballast tanks | Level measurement and point level detection |
| • Oil Separators | Pressure, level and interface measurement | • Wastewater sump (open drain) | Level measurement |
